7. Business Relationship/ Dealing with Vendors

Identification of Third-Party Intermediary (TPI)

Each department/ project site/ business unit must identify and declare TPIs for their operations.

Once the department/ project site/ business unit identifies a potential TPI, the department must provide the intermediary with the “vendor declaration form (VDF)” as stated in Annexure 3 and should share the completed / signed VDF received from the vendor with vendor registration team. (The main objective of the VDF is to obtain declaration from the proposed vendor that neither the vendor nor any of its directors, officers, employees, shareholders or beneficial owners are politically exposed person (PEP), Government Official/ Public Official (“GO” or “PO”) or close associate of a PEP/GO/PO).

The vendor registration team must ensure that the declared TPIs are separately identified / tagged in the SAP system.

Vendor On-Boarding and Due-Diligence

Before entering into a contract with Vendors (falling under Annexure 2) who will represent the Company or provide a service to the Company, Vendor must submit a fully completed *Vendor Declaration Form (Annexure 3)* and *Compliance and Anticorruption Due Diligence document* (in the form of Exhibit [B] to this Policy) to the Company. Company must conduct a thorough background check, known as due diligence (DD) on the Vendor and document that report in Vendor onboarding file. Refer to Annexure 2 for the type of vendors on whom due diligence will be performed. For all such Vendors who meet the criteria as stated in Annexure 2, under no circumstances may a Vendor be engaged on behalf of the Company until the due diligence process has been successfully completed and approval for the engagement has been provided by the responsible authorities as relevant based on Vendor Registration SoP. In case of subsequent DD (Refresh DD / Detailed DD), CCO approval is required only if the “overall risk level / outcome” has undergone change compared to the last report. For all such Vendors who do not meet the criteria as stated in Annexure 2 are not covered in this policy, Company can engage such Vendors by obtaining

Know Your Customer ("KYC") documents.

Should the Company decide to re-engage with a Vendor that it has worked with in the past, the Company needs to ensure that the due diligence report that was prepared in the past is not more than 6-months old for DD with outcome as "High Risk"; 12 months for "Moderate Risk" and 24 months for "Low Risk". A refresh (based on public domain information sources only) of the due diligence needs to be conducted again at above mentioned time interval prior to re-engaging the said vendor.

New Detailed DD (based on public domain information sources and limited source enquiries) should be undertaken if the earlier Detailed DD report is older than 2 years.

Contracts with Vendors generally should provide fixed compensation for specific, identified tasks, and payments to Vendors must be paid in accordance with the terms of their contracts. Contracts that provide for payments to parties other than the contracting party, or payments to countries other than the home country of the contracting party, are strictly prohibited unless otherwise detailed and approved by the Board elsewhere including in the 'Procurement Procedure' and the 'Land Acquisition Policy'. Payments to Vendors may not be made in cash; or to bank accounts that are not in the Vendor's name, unless these are petty cash payments (as permitted under the relevant Policy/SoP) All contracts with Vendors (falling under Annexure 2) who represent the Company or provide any services to the Company must require the Vendor to:

- certify that it has read and will comply with Company's Supplier Code of Business Conduct ;
- comply with the Anticorruption Laws;
- certify that none of its employees, directors, officers, beneficial owners or shareholders are politically exposed person (PEP), Government Official/ Public Official ("GO" or "PO");
- adding a provision allowing the Company to suspend or terminate the relationship, if it has a concern that the party has acted in violation of applicable Anticorruption Laws;
- prior to retaining any Vendor for its work with the Company, Company shall obtain the Letter of Undertaking (Refer Exhibit C) from all the Vendors and ensures that all Vendors comply with the policies of the Company, including this Policy and acknowledge that failure to comply in full with these obligations shall be grounds for immediate termination of any contract or other arrangement between the Company and the Vendors without payment by, or other recourse

against, the Company, including with respect to any fees or other sums already incurred in the course of the engagement or in connection with performance of the contract.

If, during the course of employment with/association by the Company, Employees are presented with a contract or encounter a situation that does not comply with these rules, Employees should promptly contact the CCO. Employees responsible for overseeing or supervising the conduct or performance of a Vendor must do so diligently and will be held responsible, and may be sanctioned (including through termination of employment) for any failure of oversight or supervision

Database for rejected Third Party Intermediaries (TPIs)

The vendor registration team shall maintain an internal database of intermediaries rejected by the Chief Compliance Officer.
